Discover Tanzania with Wildlife Photography Africa and Lemala Camps

Lemala Camps operate some of Tanzania's premier camps in the best locations for viewing wildlife.

We've worked closely with Lemala to create 3 exclusive safari itineraries for 2015 that will put you in the right reserve at the right time.

Each of these itineraries will be escorted by Martin Dunn, the founder of Wildlife Photography Africa.

Martin has been leading safaris in Africa for 30 years and his passion for the continent remains as strong as ever. Working together with our experienced Tanzanian guides, he will endeavour to put you right at the heart of the action.

Martin is an experienced wildlife photographer who will share with you many invaluable tips on making the most of your wildlife encounters.

Key Points:

- Designed for photographers by photographers
- Maximum group size will be 6 people.
- Baggage on domestic flights is usually limited to 15kg per person. With photographers in mind we have purchased additional baggage allowance on all domestic flights so you don't have to choose between camera gear and clothes.

Lemala Mara

Lemala Mara is the ultimate seasonal camp in Serengeti. Set under large Euclea trees in the heart of the best game viewing area of Northern Serengeti and within touching distance of the Mara river.

Here, in this immense wilderness, almost twice the size of the Maasai Mara, guests can enjoy fabulous landscapes and terrific game viewing with almost no crowds.

Resident wildlife numbers are very high with prides of lions up to 30 strong but game viewing becomes even more exceptional when wildebeest and zebra start arriving on their annual migration in June. From then until November, the area is a wildlife paradise par excellence until the migration starts moving south.

The spectacular Lamai Triangle, Wogakuria Kopjies and the Kogatende airstrip are all easily accessible. Lemala Mara's guides have exceptional local knowledge, enabling them to take guests where the action is.

crater floor. Lunch at the lodge, Afternoon at leisure. Meals and overnight at **Lemala Ngorongoro LDBB**

Lemala Ngorongoro

Lemala Ngorongoro is an intimate seasonal camp set in an ancient acacia forest on the rim of the Ngorongoro Crater.

The camp has recently been re-furbished with new tents and furnishings and accommodates guests in 9 spacious tents. The new tents accommodate either 2 queen sized beds or one king sized bed, complete with warm duvets and hot water bottles (it can get very cold at night). There is a gas heater to warm up tents in the evening, wooden flooring with rugs and 24 hour solar powered lighting. The en-suite bathroom has a dressing area, flush toilet and a large safari shower.

The mess tent is beautifully furnished with sofas, bookshelves and cabinets.

The camp works closely with the local Maasai community and there are often dances or talks on Maasai traditions and ceremonies, giving guest the opportunity to interact with the tribe.

Lemala Ngorongoro's great advantage is it's easy access to the crater, allowing game drives to start as early as 6:15 and giving guests as much as an hour's head start over others in the morning, which means that you can take advantage of the early morning light.

Day 11: Ngorongoro Conservation Area

After early breakfast, depart for half day tour of the crater floor. Return to your lodge for lunch. Afternoon at leisure. Meals and overnight at **Lemala Ngorongoro LDBB**
